## 1. Introduction

This submission tool is a web-based system for the compilation of the applications, containing all the relative information about project, coordinator, partners and team members.

Each proposal has been assigned an alphanumeric code which identifies it uniquely, using the format Water4All- 2022-xxxx (where xxxx is a progressive number).

- The eligible pre-proposals and related contents will be made available for modification to each applicants invited to submit the full proposal at the STEP 2.
- Any documents other than those requested in the proposal will not be taken into consideration and will not be forwarded to the evaluators.
- Changes allowed in the online application form and in the project description document must be allowed by the relevant FPO and acknowledged by the CS prior the submission. Please read carefully §5.1 of the Call Announcement.
- Each proposal will be assessed against the compliance of requested changes communicated to the Coordinator in the STEP 1 Evaluation Notice and will be subject to STEP 2 International Eligibility check.
- When applying, keep in mind that the submission system will close at 15:00 CEST of the deadline date established for Step 1. However, the Call Secretariat can only ensure responses to email support requests up to 13:00 CET.

### 1.1. Use of data

For information: the data provided in the pre-proposal AND full application form will be used to:

- communicate with you about the call and application process;
- allow the funding organisations to perform an eligibility check of the applicants;
- assess the quality of your proposal and consortia by the Evaluators;
- award funding if your application is successful;
- analyse and describe your applicant pool (the name of applicants is anonymized in our analysis);
- collect your feedbacks and improve our communications with potential future applicants in future Joint Calls.

Data will be accessible to Funding Organisations participating in the call, including the ones based in non-EU or non-EEA countries. Protection of personal data and compliance with the EU's General Data Protection Regulation (2016/679) (GDPR) is however ensured.

Data will be also processed in an aggregated way for the production of statistics ensuring anonymity and confidentiality throughout the process.

Retention of personal data shall take an end in accordance with the Online Submission Tool General Data Protection Policy and Water4All Privacy and Data Policy and in any case no later than 5 years after the final approval of the final report by the European Commission.

### 1.2. Technical support

For any IT problem with the platform, contact CINECA by opening a support request at the link <https://mur.support.cineca.it/support.php?service=mur-internazionali.banditi.cineca.it&cmp=6223> (the Support Link is available in each form of the application).

For any problem related to the international call please contact the Call Secretariat (water4all2022\_callsecretariat@mur.gov.it).

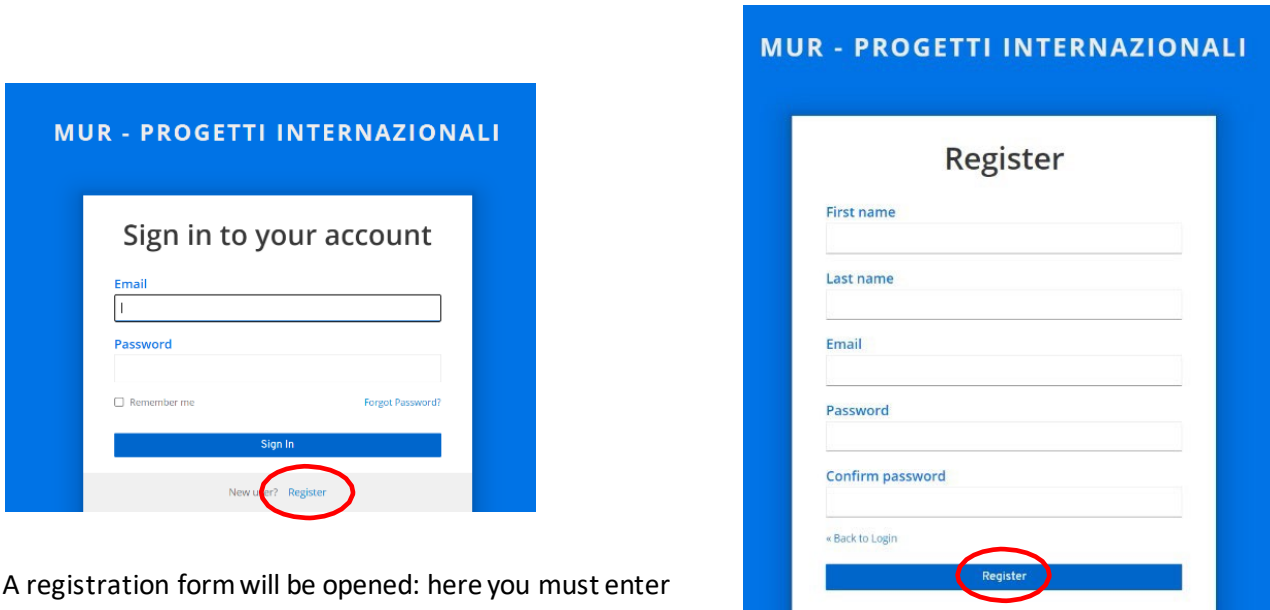

For any problem related to the national funding rules please contact the national contact points (see list in the call text).

### 1.3. Access to the system

It is possible to access to the platform at <https://water4all2022-submission.mur.gov.it/> by clicking on “Submission Platform” -> “LOGIN FUL PROPOSAL”

All the applicant invited to Step 2 shall use the account created at the STEP 1, when submitted the proposal.

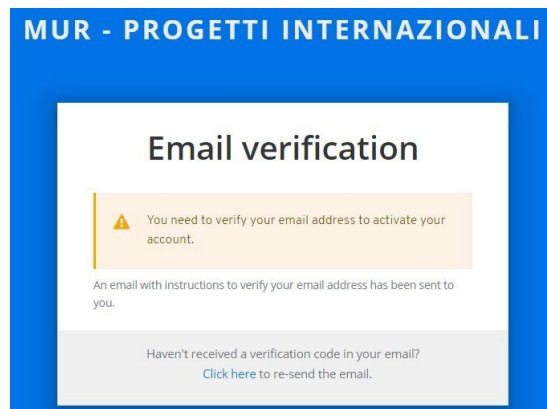

Only new partners, if allowed by the related FPOs, can create new account by clicking on “**Register**”:

The image displays two screenshots of the MUR - PROGETTI INTERNAZIONALI web interface. The left screenshot shows the 'Sign in to your account' page, which includes input fields for 'Email' and 'Password', a 'Remember me' checkbox, a 'Forgot Password?' link, and a 'Sign In' button. At the bottom of the form, the text 'New user? Register' is visible, with the 'Register' link circled in red. The right screenshot shows the 'Register' page, which includes input fields for 'First name', 'Last name', 'Email', 'Password', and 'Confirm password', a 'Back to Login' link, and a 'Register' button circled in red.

A registration form will be opened: here you must enter your data:

At the end a verification email will be sent to the address that you have inserted during the registration:

The image shows the 'Email verification' page. It has a yellow warning box with a triangle icon and the text: 'You need to verify your email address to activate your account.' Below this, it states: 'An email with instructions to verify your email address has been sent to you.' At the bottom, there is a link: 'Click here to re-send the email.'

The text of the email will be as follows:

Someone has created a MUR - Progetti Internazionali account with this email address. If this was you, click the link below to verify your email address

[Link to e-mail address verification](#)

This link will expire within 5 minutes.

If you didn't create this account, just ignore this message.

## 2. How to apply to the STEP 2

After the verification of the email, you will find “Water4All” homepage, in which you can display the submitted application

## 3. How to manage the application data

You will be directed to the **dashboard** from which you can manage all the application data. This part will be fetched from the already submitted pre-proposal application. Changes allowed shall be requested and confirmed only by the relevant FPO involved and acknowledged by the CS. Any other change will be rejected. Please read carefully §5.1 of the Call Announcement.

Code	Acronym	Role	Phase	Actions
Water4All-2022-00388	UIARC	Coordinator		

In this full proposals’ submission, several proposals must be amended according to the changes indicated by the relevant FPOs during the national eligibility checks. These requests have been communicated by the Call Secretariat in the Evaluation Notice. Consortia concerned must comply with the request otherwise the application will be considered ineligible.

The homepage is divided into two sections:

- **Project Data (to be completed only by Coordinator)**
- **Partner Data (to be completed by each partner including the coordinator)**

Each section is divided into various topics that can be modified by clicking on "EDIT", to the right of each one.

## Topics and Description

### Topics

It is mandatory to fill in all the fields, possibly by inserting "0" if you are not interested in filling them in

Topic 1: Resilience, adaptation and mitigation to hydroclimatic extreme events

**Current Topic Sum: 0%**

Addressing knowledge gaps in our understanding of the causes of water scarcity, drought events, seasonal variability in climate impacts to develop climate change adaptation and mitigation measures.

\*

%

Developing and demonstrating innovative (or improved) societally acceptable adaptation and mitigation strategies to cope with hydro-climatic extreme events and their increase in length and duration. This includes floods and droughts, although is not limited to them, adopting a regional and/or a catchment scale wide approach. Both surface and groundwater can be included.

\*

%

Improving resilience and adaptation capacity of water infrastructure (e.g. industrial water facilities, urban networks, wastewater treatment facilities, stormwater management systems) to hydroclimatic extreme events.

\*

%

Topic 2: Tools for water management - in the context of hydroclimatic extreme events

**Current Topic Sum: 0%**

Developing tools (e.g. multi-risk approach, decision support tools, monetary/non-monetary costs valuation) to support the design and implementation of strategies for adaptation and mitigation to hydro-climatic extreme events, especially floods (including "flash-floods"), heat waves and droughts in a catchment to sea context.

\*

%

Generating new methodologies, tools and models for water resources assessment/modelling for water bodies in scarcely monitored /data scarce areas. A combination of physical and digital solutions, and opportunities provided by citizen science should be seized.

\*

%

"Smartening the water system" and use of innovative digitalization, including improved/new sensors, models, communications and computing technologies.

\*

Topic 3: Improved water governance in the context of hydroclimatic extreme events and international contexts

**Current Topic Sum: 0%**

Undertaking an analysis and developing robust Governance models for the management of water resources in the context of extreme events, is critical in increasing the decision-making capacity of institutions and the involvement of citizens. This should include ways of improving coordination for water managers to increase our capacity to reduce our vulnerability to extreme events, as well as effectively responding to them.

\*

%

Addressing and encouraging international cooperation in the field of water, including management of transboundary water resources and contribution to Water Diplomacy.

\*

%

0

### Project Description

To fill in the project description you have to use an appropriate template.

You can download it here: [Project description template](#)

The project description must include:

- a) state of the art, own work, previous activities of the consortium in the field;
- b) objectives, aims;
- c) relevance to the call (including theme(s));
- d) concept, methods;
- e) explanation of the novelty of the research planned, in relation to the present state-of-the-art;
- f) expected results and how they lead to impact;
- g) Transnational added value of the research proposed;
- h) workplan;
- i) exploitation and dissemination of results including open science practices, sharing and management of research outputs and engagement of citizens, civil society and end users where appropriate.

**NB: This part will have to be uploaded as a single pdf on the Online Submission Tool. Max. 16 pages – including title and citations – Arial font, 11pts, single spaced, margins of 1.27 cm. Footnotes are allowed, if you respect the above-mentioned layout criteria. Links are not allowed; hyperlinks are allowed only if linked to bibliographic material.**

**Topics and Description:** Please specify which topic and subtopics are addressed by your proposal. Include also an estimation of percentage of coverage.

**Project Description:** Please note: it is possible to insert ONE PDF FILE ONLY. To replace the file you can click again on "Upload" and repeat the steps. After completing, click on "Save"

After completing all the fields, click on "Save" and then select a new section on the left menu or click on "Back To Dashboard".

### 3.1.3. DNSH (Do No Significant Harm)

This part will be fetched from the already submitted pre-proposal application. Consortia which want to fine tuning their initial declaration are allowed to do so.

The screenshot shows a web interface for the 'DNSH' (Do No Significant Harm) assessment. On the left is a vertical navigation menu with five items: 'PROJECT DATA', 'GENERAL DETAILS', 'TOPICS AND DESCRIPTION', 'DNSH' (which is highlighted with a blue bar), and 'ETHICS AND SELF ASSESSMENT'. Below the menu is a button labeled 'Back To Dashboard'. The main content area is titled 'DNSH' and contains the following text: 'Do No Significant Harm (DNSH) assessment', 'The Do no significant harm principle was introduced in the European Green Deal to ensure that the research and innovation activities do not make directly or indirectly a significant harm to any of the six environmental objectives, according to the EU Taxonomy Regulation (EU) 2020/852.', 'You can find more information on what is considered as doing significant harm to the above objectives in the following note: [Technical Guidance](#).', and 'The applicant shall self-assess the DNSH filling in the following table:'. Below this text is a table with two rows. The first row is labeled 'SECTION 1' and the second row is labeled 'SECTION 2 (to be filled in only if you answered YES to at least one question in section 1)'. Both rows have a red circle around the label and a red circle around a downward arrow icon on the right. Below the table is a blue 'Save' button.

Click Down Arrows to open each section; only one section can be opened at a time.

Section 1 shows the list of the six environmental objectives:

- Climate change mitigation
- Climate change adaptation
- The sustainable use and protection of water and marine resources
- The circular economy, including waste prevention and recycling
- Pollution prevention and control to air, water or land
- The protection and restoration of biodiversity and ecosystems

For each objective the applicant is requested to indicate if further evaluation is required according to the DNSH principle.

If the answer is NO you have to explain why no further evaluation is needed.

If the answer is YES the applicant is requested to declare the measures expected in section 2.

After completing all the fields, click on "Save" and then select a new section on the left menu or click on "Back To Dashboard".

### 3.1.4. Ethics and self assessment

This part will be fetched from the already submitted pre-proposal application. Consortia which want to fine tuning their initial declaration are allowed to do so.

Ethics and Self Assessment	
The applicant shall self-assess the respect of the ethics principles answering to the following questionnaire (delete the one, Y or N, that does not comply with your project):	
HUMAN EMBRYONIC STEM CELLS AND HUMAN EMBRYOS	▼
HUMANS	▼
HUMAN CELLS / TISSUES	▼
PERSONAL DATA	▼
ANIMALS	▼
NON-EU COUNTRIES	▼
ENVIRONMENT & HEALTH and SAFETY	▼
ARTIFICIAL INTELLIGENCE	▼
OTHER ETHICS ISSUES	▼

Save

For each Ethics Issue the applicant is requested to self-assess the respect of the ethics principles

Click Down Arrows to open each section; only one section can be opened at a time.

After completing all the fields, click on **“Save”** and then select a new section on the left menu or click on **“Back To Dashboard”**.

### 3.2. Partner data

There are 2 categories of Partners:

- Partners from countries (and organizations) eligible for direct funding (designated Partners 1, 2... N). Please, consider that there cannot be more than 7 partners, including one self-funded, if present.
- Fully self-financed Partner from any country who bring their own secured budget. The self-funded partner cannot be the project Coordinator. No more than one self-funded project partner per consortium is allowed.

The "Partner Data" section is subdivided into 4 points, each of them contains some fields in which you can insert all the information.

The advancement of the collection of each point is shown by the "circles" to the left of each one (grey: incomplete, blue: complete).

At the STEP 1, this section can be filled in either by the Partner invited by the coordinator and by the coordinator.

**At the STEP 2, this part will be fetched from the already submitted pre-proposal application. Changes in the consortium composition shall be requested and confirmed only by the relevant FPO involved. Any other change will be rejected. Please read carefully §5.1 of the Call Announcement.**

### 3.2.1. Principal Investigator details

**This part will be fetched from the already submitted pre-proposal application. Coordinator in charge cannot be changed unless the occurrence of Force Majeure. Please notice to the relevant FPOs for timely communication. Any other change will be rejected.**

- [PARTNER DATA - COORDINATOR](#)

After completing all the fields, click on **“Save”** and then select a new section on the left menu or click on **“Back To Dashboard”**.

**PIC:** 9-digit number serving as a unique identifier for organisations (legal entities) participating in EU funding programmes / procurements. If needed, one can apply for a temporary PIC on: <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register>.

A search tool for organisations and their PICs is available on <https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register-search>.

We suggest validating the PICs via the public available Partner Search – Organisation Profile service.

This allows use to fill out some requested data inputs automatically, which is less error-prone and provides much better user experience.

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/support/apis>

NACE: please download the classification (HTML file) from [Download NACE index](#), find your NACE COD in the table and copy it in the application form in the following format: Order-Level-Code-Parent-Description (for example “398934-4-36.00-36.0-Water collection, treatment and supply”)

### 3.2.3. Finances

This part will be fetched from the already submitted pre-proposal application. Changes allowed shall be requested and confirmed only by the relevant FPO involved. Any other change will be rejected.

**Several proposals must be amended according to the changes indicated by the relevant FPOs during the national eligibility checks, mainly related to funding. Requests for changes have been communicated by the Call Secretariat in the Evaluation Notice. Consortia concerned must comply with the request otherwise the application will be considered ineligible.**

Back To Dashboard

#### Finances

Funding organisation(s) to which you are applying for funding

Funding Organizations\*

Please note that you should indicate in this table the total costs of the project and the funding requested to your Funding Organisation and their indicative repartition between the different categories of costs, i.e. personnel (including permanent salaries depending on Funding Organisations rules for the determination of the eligible costs and the requested funding calculation. Please note that some Funding Organisations cannot provide a funding equal to 100% of eligible costs. For questions, contact your Funding organisation Contact Point.

The column **Total costs** comprise all the costs related to the project independently of national funding rules. You must indicate here all the costs of the project.

The column Funding request comprises the part of the costs that you will request to your Funding Organisation.

The column Own funding will be filled in automatically, it includes all the expenses which are not covered by the Funding organisation (either because the funding level is lower than 100% and/or some expenses are not eligible for funding and/or are provided in-kind). The Own funding is equal to the difference between the Total cost and the Funding request.

	Total cost (in Euro including VAT depending on national rules)	Funding requested (in Euro, including VAT depending on national rules)	Own funding (equal to the difference between total cost and funding requested)
Personnel	*	*	(in €)*
Equipment	*	*	(in €)*
Consumables	*	*	(in €)*
Subcontracting	*	*	(in €)*
Travel	*	*	(in €)*
Overhead	*	*	(in €)*
Total	(in €)*	(in €)*	(in €)*

Please enter a brief description of mayor costs items and short justification (personnel, equipment, consumables, subcontracts, travel expenses, other costs). For overhead costs, national regulations may apply. Please differentiate between funding requested and own contribution.

Financial comments\*

Personnel costs include compensation for researchers and technicians performing: (1) initial hydrological, rainfall, and droughts data analysis, (2) assessment of ro

For the self-financed Partner, please indicate shortly how its participation to the project will be funded. Please notice that a Letter of Commitment is required as a mandatory document in the full proposal application.

The partner will be funded through...

Sample available here : [Letter of commitment](#)

Letter of Commitment

No file uploaded

DOWNLOAD

UPLOAD

#### Workload

Enter the organization's planned workload, expressed in person months

Total person months\*

10

Warning

- The workload distribution within a consortium must be balanced, and no partner (including a self-funded partner) should have more than 50% of person months.
- Partners from the same country shall not have, altogether, more than 50 % of person months. In case of not accomplishment with the above-mentioned rules, the Online Submission Tool will block your proposal submission

Save

Consortia with self-funded partners must upload the Letter oof commitment.

After completing all the fields, click on **“Save”** and then select a new section on the left menu or click on **“Back To Dashboard”**.

Note that the total effort of the project, and the percentage distribution among the partners, is visible in the preview pdf.

### 3.2.4. Team member(s)

This part will be fetched from the already submitted pre-proposal application. Only minor changes can be accepted

**Team Member**

They are other team members that are involved in the project. Please include all the team members to be involved in the project, would they be funded or not by your Funding Organisation. If you do not have yet this information for one team member (e.g. for a postdoc), you can indicate "to be determined". Remember that the coordinator should not be entered. For each filled line you will have to scroll to the right and press the specific save button.

To be determined	Title	Family name	First name	Gender	Phone	E-Mail	Type of identifier (Optional)	Identifier (Optional)
<input type="radio"/>								

< + Add >

Back To Dashboard

For each filled line you will have to scroll to the right and press the specific save button.

Press **+Add** to add a new member”.

If **“To be determined”** is selected no values are asked.

## 4. Invite Partner

The coordinator can invite one or more partners by turning back to the project dashboard and by clicking on the "Invite Partner" button:

**Changes in the consortium composition shall be allowed only upon official request and approval of the relevant FPOs with acknowledgement of the Call Secretariat. Changes not allowed will be rejected, please read carefully §5.1 of the Call Announcement.**

The screenshot shows the Water4All application dashboard. At the top, there is a blue header with the Water4All logo and a search bar. Below the header, a blue navigation bar contains links for Home, Water4All, and Candidatura. The main content area has a status message: "THE APPLICATION CANNOT BE SUBMITTED YET" with a help icon. To the right, it shows the deadline date: "Deadline date: 17/12/2022 15:00:00". Below this, the proposal details for "Water4all-2022-00005 (Pre-proposal)" are shown, including the last edit time "10/08/2022 16:10:10" and buttons for "Preview" and "Submit". The dashboard is divided into two main sections: "Project Data" and "Partner Data - Coordinator". Each section has a list of steps with radio buttons and "EDIT" links. The "Partners (1)" section at the bottom has a button "Manage partners or invite a new one" and a table with columns: #, Role, Name, Organisation, Country, Status, Self-Funded, and Actions. The "Invite Partner" button in the Actions column is circled in red, with a red arrow pointing to it from the top left.

To invite a Partner the Coordinator must fill in this form:

Invite Partner

Family name\*

---

First name\*

---

E-Mail\*

---

Cancel

The partner receives a mail as follows:

You have received an invitation

Mr John Smith invited you to join a new proposal for Water 4 All 2022 call

Click this [link](#) to go to the application platform.

If it is your first access you will need to register a new account.

After that, to accept or decline the invitation, click on the notification icon at the top of the right screen.

Proposal code: Water4all-2022-00005

Proposal Acronym: W4A

The partner clicks the link in the mail and will be directed to the application home.

In the notification area he will find the invitation.

Water4All

Search for Partner/Project

Home • Water4All •

### Applications (1)

Click on a proposal for further details or create a new one

New Application

Code	Acronym	Role	Phase	Actions

**water4All**

You have received an invitation!

Fabrizio Superchi invites you to join a new proposal.

By clicking on it the partner can accept the invitation

**YOU HAVE RECEIVED AN INVITATION!**

Fabrizio Superchi invites you to join '\$(acronimo)'. You can accept or decline the invitation by choosing the desired action below.

CODE	ACRONYM	COORDINATOR	TITLE
Water4All-2022-0005	W4A	Fabrizio Superchi	Water for all

[Decline](#) [Accept](#) [Remind Me Later](#)

**Warning: the Coordinator cannot include partners if they do not accept the invitation, therefore the proposal completion will be impeded**

Once accepted, the partner will be able to access his own "Partner Data" section and fill it in.

The newly added partner will be visible in the "**Partners**" section at the bottom of the dashboard:

### Partners (2)

Manage partners or invite a new one

Invite Partner

Role	Name	Organisation	Country	Status	Actions
coordinator	Felicia Scalise	n.d.	n.d.	in progress	
partner	Maria Teresa Marano	n.d.	n.d.	pending	

The Coordinator, in his own dashboard, can remove a partner or edit the partner data.

## 5. Final check and submission

You can check the progress of the proposal compilation at any time from the progress of the blue bar at the top to the dashboard:

The screenshot shows a dashboard header with a red warning icon and the text "THE APPLICATION CANNOT BE SUBMITTED YET" followed by a question mark icon. To the right, a calendar icon indicates the "Deadline date: 27/03/2023 15:00:00". Below the header is a progress bar with a blue segment on the left. Under the bar, the text "Water4all-2022-00005 (Pre-proposal)" is displayed. Below this, a menu icon is followed by "Last edit: 11/08/2022 17:43:19". On the right side of the dashboard, there are two buttons: "Preview" (highlighted with a blue border) and "Submit" (disabled, with a grey border).

In addition, a \*PDF\* preview of the application is available from the "Preview" button.

At any time, you can check which fields have not been filled in yet, by clicking on the question mark that you find at the top of the dashboard, next to the message "THE APPLICATION CANNOT BE SUBMITTED YET".

When the application is complete and in order, the button "Submit" is enabled. Clicking on "Submit" you submit your application. Nevertheless, you can modify the proposal and resubmit it again at any time before the deadline.

At the deadline, the last submitted proposal will be sent to the Call Secretariat for the evaluation, and it cannot be modified anymore.

By submitting the application, the Coordinator declares that:

- The project applicants hereby declare, that to the best of their knowledge the research outlined in this proposal is unique in character and does not duplicate research already funded at national, regional or EU level, within nation, regional, international or EU calls.
- The applicants confirm that they are aware that failure to fulfil this condition will result in the withdraw of this proposal from the application process or the withdraw of funding from approved projects.
- The proposal is in line with the guidelines to ethical aspects of the Horizon Europe Programme.

## 6. Search for Partner / Project Tool

This Search Tool is a web-based system to put projects and partners in contact.

### 6.1. Use of data

For information: the data provided by this tool will be used to:

- allow the coordinator to describe his project to look for a partner
- allow a partner to describe his skills to find a project to join to

Data will be accessible to the Call Secretariat and, if approved, will be accessible to everyone.

The retention of personal data will cease when the call is closed.

### 6.2. Technical support

For any IT problem with the platform, contact CINECA by opening a support request at the link <https://mur.support.cineca.it/support.php?service=mur-internazionali.bandit.cineca.it&cmp=6223>

For any problem related to the international call please contact the Call Secretariat (water4all2022\_callsecretariat@mur.gov.it).

### 6.3. Access to the system

The web address of the Tool is: <https://water4all2022-submission.mur.gov.it/Partnering-Offers/>

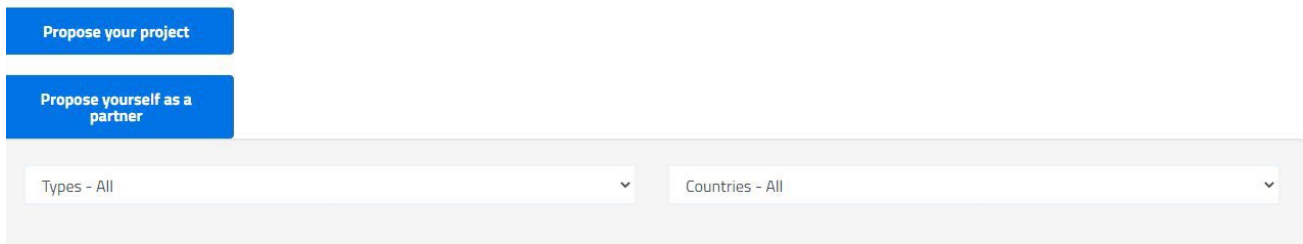

It is possible to access to the Tool also by clicking on **Search for Partner / Project** at <https://water4all2022-submission.mur.gov.it/>

No registration is required to use the service.

### 6.4. How to apply

In this form you can place your proposal by clicking **Propose your project** or **Propose yourself as a partner**.

In the same form you can also consult the previously published proposals also applying some filters.

The screenshot shows a web interface for the search tool. At the top, there are two blue buttons: "Propose your project" and "Propose yourself as a partner". Below these buttons, there are two white dropdown menus with a downward arrow icon. The first dropdown menu is labeled "Types - All" and the second is labeled "Countries - All".

By clicking **Propose your project** you'll find a form in which to describe your project and the skills of the partner you're looking for.

By clicking **Propose yourself as a partner** you'll find a form in which to describe your skills and the project you're looking for.

The Call Secretariat validates the proposals and publishes only those deemed adequate.

Publishing may take a few days.
